When so acting, the alternate member shall have full rights of participation and voting as members; his vote shall be deemed that of a member in reaching a decision on a matter. In instances

where the alternate member is not sitting as a member, he shall have the right to participate in board discussions and to ask questions, but he shall have no right to vote or make motions. Where the alternate member has been duly designated to sit as a member on a particular matter and consideration of that matter has begun, the alternate shall continue to sit as a board member through disposition of the matter; and he shall not be replaced, should the member in whose stead he is sitting later be present.

6. Disqualification of members or alternate. If any member of the Planning, Zoning and Appeals Board or the alternate member called on to sit in a particular matter shall find that his private or personal interests are involved in the matter coming before the board, he shall, prior to the opening of the hearing on the matter, disqualify himself from all participation of whatsoever nature in the cause. Alternatively, he may be disqualified by the votes of not less than six (6) members of the board, not including the member or alternate member about whom the question of disqualification has been raised. 7.1.1.5 City Commission

The City Commission, in addition to its duties and obligations under the City Charter, the City Code, and other applicable law, shall have the following duties specifically in regard to the Miami 21 Code:

- e. To hear appeals of the ruling of the Planning, Zoning and Appeals Board on the appeal of a zoning interpretation, planning determination, Warrant, Variance or Exception.
- f. To consider and adopt ordinances, regulations and other proposals as it deems appropriate for promoting orderly development within the areas of the city that are regulated by the Miami 21 Code.
- g. To establish a schedule of fees and charges for the applications made pursuant to the Miami 21 Code.

7.1.2 Permits

The permits that may be necessary to develop property under the Miami 21 Code include the following: Warrant; Waiver; Exception; Variance; and amendment to the Code (including text amendments, rezoning and Special Area Plans). The permits are illustrated in Article 7, Diagram 14. In addition, certain approvals may be necessary to confirm that uses are permitted uses under the Code, which are zoning approval (by right), certificate of use, planning determination, or zoning interpretation. Permits issued in error shall convey no rights to any party. The Zoning Administrator shall require corrections to be made unless construction has commenced on that portion of the construction that was permitted in error.

7.1.2.1 Permitted Uses

A building permit for those permitted Uses as set forth in Article 4, Table 3 of this Code shall be approved By Right when the Use meets all of the applicable standards of the Miami 21 Code, and the other specific requirements that may be enumerated elsewhere in the City Code.

- a. Zoning approval

A building permit shall be issued only after a zoning approval from the Zoning Administrator has been obtained indicating that the application meets the applicable provisions of the Miami 21 Code. Upon an affirmative finding by the

Zoning Administrator that plans and application submitted are complete and in compliance with the applicable requirements of the Miami 21 Code, an approval shall be entered on the application and on the applicable building permit and, if otherwise lawful, the permit shall be issued to the applicant, together with one copy of the approved plan. If the application and plan are not in full in compliance with the requirements of the Miami 21 Code, the application shall not be approved and the applicant notified in writing of the reasons for such decision, with citation to the legal authority for any denial of a permit.

b. Certificate of Use

1. For new or altered Structures and Uses.

No person shall Use or permit the Use of any Structure or premises hereafter created, erected, changed, converted, enlarged or moved, wholly or partly, in Use or in Structure, until a Certificate of Use reflecting Use, extent, location, and other matters related to Miami 21 Code shall have been issued to the owner or tenant. Application shall be made to the Zoning Administrator on forms provided therefore. The Zoning Administrator shall issue the Certificate of Use (or to approve its issuance where final responsibility for issuance lies with other officers or agencies) if he finds that all the requirements of this Miami 21 Code have been met, and to withhold such certificate (or to prohibit its issuance) unless he finds that all of the requirements of this Miami 21 Code have been met. If the Certificate of Use is denied, the denial shall provide a citation to the legal authority for any denial. No Certificate of Use is necessary for fewer than three (3) Single-Family Structures, attached or detached, on a Lot or for fewer than two (2) duplex Structures on a Lot.

2. Certificates of Use for other existing Uses.

Any owner or tenant engaged in existing Use of Structures or premises, other than a nonconforming Use at the time of the adoption of this Miami 21 Code, may apply for a Certificate of Use certifying that such Use is lawful under this Code. The Zoning Administrator if necessary shall inspect to determine the facts in the case and to either issue the certificate if the administrator finds the Use lawful, or to withhold the certificate and take such remedial action as is appropriate if the administrator finds otherwise. A denial shall include a citation to the legal authority for the denial.

3. No Certificate of Use shall be issued for Buildings for which code compliance proceedings are pending.

c. Zoning Approval or Certificates of Use issued by the Zoning Administrator on the basis of plans and applications authorize only the Use, arrangement, and construction set forth in the approved plans and applications, subject to any conditions or safeguards attached thereto, and no other. Use, arrangement, or construction at variance with that authorized, or failure to observe conditions and safeguards, shall be deemed a violation of this Miami 21 Code.

7.1.2.2 City Request for Planning Determination of Use

Where there is substantial doubt as to whether a particular Use, or classes of Uses not specifically identified in the Miami 21 Code are of the same general character as those listed as permitted, by Warrant or by Exception, the Planning Director shall make a written determination in the matter. The Planning Director shall give due consideration to the intent of this Miami 21 Code concerning the Transect Zone involved and the character of the Use in question.

Requests for such determinations shall be made only by officers or agencies of the City and may originate during the permit process. However, such requests shall not involve those circumstances where the Zoning Administrator has made a negative finding on a zoning interpretation, in which case appeal may be taken to the Planning, Zoning and Appeals Board and then to the City Commission, as set forth in section 7.1.2.3.

a. Notifications concerning determinations.

Upon making the determination, the Planning Director shall notify any other officer or agency of the city likely to be affected by such ruling and all NET offices. Additionally, notice of the determination shall be published to the public on the official city website.

b. Effect of findings.

If, in making the determination, the Planning Director finds that the particular Use or class of Use or characteristics of Use are of unusual or transitory nature, or are unlikely to recur frequently, and unless his determination is reversed on grounds of error on appeal to the Planning, Zoning and Appeals Board or the City Commission, the determination shall thereafter be binding on all officers and agencies of the city as an administrative ruling, and without further action on or amendment to the Miami 21 Code.

Where the Planning Director finds, in making the determination, that the particular Use or class of Use or characteristics of Use are likely to be common or recurrent, and that omission of specific reference in the Miami 21 Code is likely to lead to public uncertainty and confusion, the Director shall initiate a proposed amendment to the Miami 21 Code to rectify the omission. Until final action has been taken on such proposed amendment, the determination of the Director shall be binding on all officers and agencies of the city as an interim administrative ruling.

c. Appeal to Planning, Zoning and Appeals Board

An appeal of a planning determination, if sought, shall be *de novo* and taken to the Planning, Zoning and Appeals Board, and must be initiated within fifteen (15) calendar days of the publication of the determination on the City's official website. The appeal shall be filed with the Hearing Boards Office.

The Board shall determine whether the administrative determination is upheld or rescinded. The ruling of the Planning, Zoning and Appeals Board may be further appealed to the City Commission, *de novo* and must be filed with the Office of Hearing Boards within fifteen (15) calendar days of the Board's issuance of its ruling.

The filing of the appeal shall state the specific reasons for such appeal, together with payment of any required fee. The appeal may be filed only by the applicant or any person who appeared of record at the Planning, Zoning and Appeals Board hearing on the decision being appealed and who is aggrieved by the action of the Planning, Zoning and Appeals Board.

7.1.2.3 Zoning Interpretation

Except where the Miami 21 Code specifically places responsibility in other officers or agencies, questions of interpretation of this Code shall first be presented to the Zoning Administrator.

a. Notifications concerning interpretations.

Upon making his interpretation, the Zoning Administrator shall notify the party requesting the interpretation, as well as any other officer or agency of the City likely to be affected by such ruling and all NET offices which shall, within five (5) days, distribute the zoning interpretation to the official representatives of all registered neighborhood and homeowner associations within the NET office that is applicable to the applicant property, and the City shall post the interpretation on the City's official website.

b. Appeal to Planning, Zoning and Appeals Board.

An appeal of a zoning interpretation, if sought, shall be *de novo* and presented to the Planning, Zoning and Appeals Board within fifteen (15) calendar days of the publication of the interpretation on the City's official website. The appeal shall be filed with the Hearing Boards Office.

The Planning, Zoning and Appeals Board shall determine whether the administrative interpretation is upheld or rescinded. The ruling of the Planning, Zoning and Appeals Board may be further appealed to the City Commission, *de novo* and must be filed with the Office of Hearing Boards within fifteen (15) calendar days of the Board's issuance of its ruling.

The filing of the appeal shall state the specific reasons for such appeal, together with payment of any required fee. The appeal may be filed only by the applicant or any person who appeared of record at the Planning, Zoning and Appeals Board hearing on the decision being appealed and who is aggrieved by the action of the Planning, Zoning and Appeals Board.

7.1.2.4 Warrant

The Warrant permits those Uses listed in Article 4, Table 3 of this Code as requiring a Warrant, upon review by the Planning Director or with the additional review of the Coordinated Review Committee.

- a. Prior to submitting an application for a Warrant, the prospective applicant shall meet in a preapplication meeting with the Zoning Administrator and the Planning Director to obtain information and guidance as to matters related to the proposed application.
- b. Required notice and hearing.

At the time of submitting the application to the Department of Planning, the applicant shall notify all Abutting property owners, including those across a street or alley, by certified mail. In the case of Abutting condominiums, only one notice to the condominium association need be sent.

Additionally, at the time of submitting the application, the applicant shall obtain from the Department of Planning the list of all registered Neighborhood and homeowner associations within the NET office that is applicable to applicant property and shall notify the NET office, and official representatives of all such registered associations, by certified mail, of the application. Neighborhood and homeowner associations who wish to receive such notice must register on an annual basis at their local NET offices.

Posting of the property which is the subject of the hearing and newspaper notice shall be required as provided in Chapter 62 of the City Code.

2. Review, findings and recommendation.

(a) The Planning, Zoning and Appeals Board shall give full consideration to the Director's recommendations, and shall evaluate whether an application for a code amendment should be granted, granted with modifications or denied.

(b) The Board shall conduct a hearing on text amendments and make its recommendations based on whether the criteria in this section are met.

(c) The Planning, Zoning and Appeals Board shall conduct a quasi-judicial public hearing on rezoning applications, and make its recommendations based on whether the criteria in this section are met.

f. Criteria.

The recommendations of the Planning, Zoning and Appeals Board shall show that the board has considered and studied the application in regard to the following criteria:

1. For all amendments:

- (a) The relationship of the proposed amendment to the goals, objectives and policies of the Comprehensive Plan, with appropriate consideration as to whether the proposed change will further the goals, objectives and policies of the Comprehensive Plan; the Miami 21 Code; and other city regulations.
- (b) The need and justification for the proposed change, including changed or changing conditions that make the passage of the proposed change necessary.

2. For rezonings:

A change may be made only to the next intensity Transect Zone or by a Special Area Plan, and in a manner which maintains the goals of this Miami 21 Code to preserve Neighborhoods and to provide transitions in intensity and Building Height.

3. For Special Area Plan rezonings:

Special Area Plans shall be adopted by rezoning pursuant to the provisions of Section 3.9.

g. City Commission action on Planning, Zoning and Appeals Board recommendations.

1. Notice and hearings.

Upon receipt of the findings and recommendations regarding code amendments by the Planning, Zoning and Appeals Board, the City Commission shall hold at least two advertised public hearings on the proposed code amendments. Notice shall be given as follows:

The City shall notify all owners of property within five hundred (500) feet of the Property Line of the land for which the hearing is required, by certified mail, of the time and place of the rezoning hearing by the City Commission at least ten days in advance of the hearing. In the case of condominiums within the notification area, only one notice, by certified mail, to the condominium association shall be sent. For the purpose of this requirement, the names and addresses of property owners shall be deemed those appearing on the latest tax rolls of the City. The applicant shall provide the list of owners to the City at the time of the initial application.

Additionally, the City shall notify all registered neighborhood and homeowner associations within the NET office that is applicable to applicant property and shall notify the NET office and the official representatives of such registered associations, by certified mail, of the rezoning application. Neighborhood and homeowner associations who wish to receive such notice must register on an annual basis at their local NET offices.

Notice of text amendments shall be as provided by Chapter 62 of the City Code and state law.

The City shall certify at the time of the hearing that notice as herein required was given to the persons as named and with the addresses shown on the certification. The applicant shall pay for the costs of the mailings.

Posting of the property which is the subject of the hearing and newspaper notice shall be required as provided in Chapter 62 of the City Code and by state statute.

2. Adoption.

In the case of all proposed Miami 21 text or Miami 21 Atlas amendments, if the recommendation of the Planning, Zoning and Appeals Board is adverse to the proposal, such rezoning shall not be adopted except by the vote of at least three members of the City Commission.

The City Commission may, by a vote of not less than three (3) members, approve the rezoning of property to a Transect Zone of less Intensity than that applied for in situations where, in the opinion of the commission and upon the recommendation of the Planning Director, the specific rezoning applied for would work to the detriment of the health, safety or welfare of the surrounding Neighborhood, whereas a rezoning to a Transect Zone of less Intensity would not.

In no event shall a rezoning be issued prior to thirty (30) days from the time the notice of the application is provided to the NET office. The decision of the City Commission shall include an explanation of the code requirements for an appeal of the decision and shall be provided to the NET office and posted on the City's website. The City Commission shall include a citation to the legal authority for any denial of a rezoning.

3. Failure of City Commission to act.

If a recommendation of the Planning, Zoning and Appeals Board is not legislatively decided within twelve (12) months from first reading by the City Commission, the application upon which the report and recommendation are based shall be deemed to have been denied. However, for amendment to the Comprehensive Plan and its corresponding Miami 21 Atlas amendment, the time period will be extended an additional twelve (12) months. In both instances, the provisions of sections 62-54 and 62-55 of the City Code will

not apply unless otherwise required by the City Commission. No day of the month of August shall be counted in the administration of this section.

4. Limitation on further consideration after denial.

Whenever the City Commission has denied an application for the rezoning of property, the Planning, Zoning and Appeals Board shall not thereafter:

- (a) Consider any further application for the same rezoning of any part or all of the same property for a period of eighteen months from the date of such action;
- (b) Consider an application for any other kind of rezoning on any part or all of the same property for a period of twelve months from the date of such action; or
- (c) Consider an application for rezoning that involves the same owner's property within two hundred (200) feet of property granted a change within a period of twelve (12) months.

5. Limitation on further consideration after rezoning.

Whenever the City Commission has rezoned property, the Planning, Zoning and Appeals Board shall not thereafter consider any petition for rezoning of all or any part of the same property for a period of eighteen (18) months from the date of such action.

6. Limitation on further consideration after voluntary withdrawal of application.

Whenever an applicant has voluntarily withdrawn an application for rezoning of property during either first or second reading before the City Commission, the Planning, Zoning and Appeals Board shall not thereafter consider an application for the same property for eighteen (18) months from the date of such action, nor consider an application for any kind of rezoning of any part or all of the same property for twelve (12) months from the date of such action.

7. Waiver of time limits.

The time limits set forth in this subsection g. may be waived by a vote of at least three (3) members of the City Commission when such action is deemed necessary to prevent injustice or to facilitate development of the city in the context of the adopted Comprehensive Plan, or any portion thereof.

7.1.2.9 Sign Permits

- d. Transferability of sign permit. Permits, permit numbers or permit applications and attachments shall not be transferable to other sites. They are valid only for a specific Sign Structure at the specifically designated location subject to change of copy limitations in Article 6, Section 6.5. If at any time a Sign Structure is altered, removed or relocated in a manner different from the terms of the sign permit, the sign permit will become void, unless otherwise provided in this code.

Generally, the application and review process for By Right permits, Warrants and Waivers, Exceptions, Variances and rezonings are as illustrated in Article 7, Diagram 14.

The prospective applicant for plan review under section 7.1.3.2 may request informal consultation regarding the proposed plan prior to the required pre-application process. No statement made or information exchanged during the informal consultation shall be binding on the city or the applicant.

At the time of qualification by the Planning Director and Zoning Administrator, the project shall be owned by a single entity or subsidiaries of one (1) entity and may occupy contiguous lands, separated only by streets or alleys, and will be considered as one (1) project for the purpose of calculating all zoning requirements. A phased project must be qualified by the Planning Director and Zoning Administrator, at the written request of the property owner.
- b. The Zoning Administrator, or the Planning Director, as appropriate, shall make a determination as to the completeness of the preapplication package prior to its further review.
 - c. When any combination of a Warrant, Waiver or Exception is requested for a particular project, one application for the highest ranking permit shall be sufficient

for review, and lower ranking approvals need not be applied for separately. Although only one application is required to be filed, the project must meet the criteria for all the approvals requested. Applications shall be ranked as follows: Waivers, Warrants, and Exceptions. Special Area Plans, Variances, and amendments to the Miami 21 Code shall always require separate applications and approvals. The approval of any administrative permit shall be contingent on the approval of all permits requiring public hearing, and the appeal period for any required administrative approval shall be stayed pending the approval of the last permit requiring public hearing.

7.1.3.3 For By Right permits, the applicant shall also provide a complete set of plans, signed and sealed as required by the Florida Building Code, which should include:

The plan shall be reviewed as part of the preapplication package for the Warrant, Waiver, Exception, or Variance. If plan approval is required, the plan shall show that the Structure or Use, or both, or the affected part thereof, are in conformity with the provisions of this Miami 21 Code.

b. Preapplication Meeting.

An applicant may modify an application filed with the Office of Hearing Boards after processing begins and prior to the public hearing if the modifications are not substantial. Otherwise, a new application must be made and fee paid. Whether a proposed modification is substantial shall be determined by the Zoning

Administrator, according to whether the requested modification requires a Variance or Exception.

- b. Modifications subsequent to notice of hearing.
 1. After notice has been given of a public hearing before the Planning, Zoning and Appeals Board, or City Commission, as the case may be, no change shall be made in the original application which would have the effect of creating substantial differences between the matter advertised and the matter upon which the hearing is actually held.

The minor modification shall meet the criteria of Table 12. Except for minor modifications, the plan may be amended only pursuant to the procedures and standards established for its original approval.

- d. Modifications to special permits and Variances approved under a previous code.

1. An applicant may modify a special permit approved under a previous zoning code, as a minor modification through the Warrant process. The components being modified after modification shall be in compliance with this Code, even though the remainder of the approved development plan is not in full compliance with this Code, and shall not increase previously approved overall Development Capacity.
2. The special permit may be amended with modifications that the Planning Director determines not to be minor, and variances may be modified according to the following procedures:
 - a. Class I Special Permits shall be amended pursuant to Chapter 62 of the City Code.
 - b. Class II Special Permits shall be amended as a Warrant.
 - c. Special Exceptions and Major Use Special Permits shall be amended as an Exception
 - d. Variances may be modified as a Variance.
3. In all Special Permit cases, the City shall recognize any rights to develop that may be vested under legal principles of equitable estoppel, and may allow changes to a previously approved phased Special Permit that has begun construction (other than under a demolition or landscape permit), applying the standards of the previous code for all phases. Where those changes to an approved phased Special Permit to the greatest extent possible conform to the standards of this Code, the review shall be conducted by Warrant; otherwise the review of the changes shall be conducted as an Exception. The owner of property which has a previously approved phased Special Permit nonetheless may choose to submit a new application for approval pursuant to the Miami 21 code.
4. The expiration date for any Class II Special Permit, Major Use Special Permit or Variance approved under the Zoning Ordinance 11000 in effect immediately prior to the date of adoption of this Miami 21 Code may, upon application to the Director by the owner, be extended from its existing expiration date as follows:

- a. An approval issued in error shall not confer any rights to construction or occupancy.
- b. No approval shall be construed to authorize violation of any provisions of this Code, and such approval shall be valid only to the extent that the work authorized is lawful.
- c. Issuance of a building permit based upon a site plan shall not prevent the Zoning Administrator from thereafter requiring correction of errors in the plan.

7.1.3.7 No Approval Available if Code Enforcement Violations.

No approval may be issued if the business, enterprise, occupation, trade, profession, property or activity is the subject of an ongoing city enforcement procedure, or is the subject of a notice of violation of a state law or county ordinance where the business enterprise is located or is to be located, unless the subject of the application would cure the outstanding violation. Failure to comply with conditions and safeguards, when attached to a grant of a development order or permit, shall be deemed a violation of this Miami 21 Code.

7.1.3.8 Resubmission and Withdrawal of Applications Requiring Public Hearing.

- a. Whenever an application has been denied, the city shall not thereafter consider the same application for any part or all of the same property for a period of eighteen (18) months from the date of the denial.
- b. Whenever an applicant has voluntarily withdrawn an application after the application has been scheduled for a public hearing, the city shall not thereafter consider the same application for the same property for eighteen (18) months from the date of the withdrawal.
- c. The time limits set by paragraphs a. and b. above may be waived by a vote of not less than three (3) members of the decision making body when such action is

deemed necessary to prevent injustice or to facilitate development of the city in the context of the adopted Comprehensive Plan, or portion thereof.

- d. If an application is on file for more than six (6) months without activity by the applicant, it shall be deemed withdrawn.

7.1.4 Quasi-Judicial Procedures

7.1.4.1 Intent

The intent of this section is to establish procedures to ensure procedural due process and maintain citizen access to the local government decision-making process for the review of certain applications that require quasi-judicial hearings. These procedures shall be applied and interpreted in a manner recognizing both the legislative and judicial aspects of the local government decision-making process in quasi-judicial hearings.

7.1.4.2 Applicability

These procedures shall apply to all applications in which the City Commission or Planning, Zoning and Appeals Board acts in a quasi-judicial capacity for recommendations or final decisions as to Exceptions, Variances, Special Area Plans and rezoning; and to appeals to the City Commission or Planning, Zoning and Appeals Board on Warrants, Waivers, zoning approvals and Certificates of Use.

- i. The Decision-making body shall take judicial notice of all state and local laws, ordinances and regulations and may take judicial notice of such other matters as are generally recognized by the courts of the State of Florida.

7.2 NONCONFORMITIES: STRUCTURES; USES; LOTS; AND SITE IMPROVEMENTS

7.2.1 Generally

a. Definition

A nonconformity as used in this Code is an existing Use, Structure, Lot or site improvement that is in compliance with the zoning regulations that were applicable to it when it was established, and for which all required permits were issued, but which does not conform in whole or in part to the regulations of this Code. Such nonconformity is legal and may continue except as regulated by this section.

1. A nonconformity may also be created where the lawful use of eminent domain or an order of a court of competent jurisdiction has affected the lawfully existing Use, Structure, Lot or site improvement in a way so that the property does not comply with this Code. In this instance, the nonconformity is legal and may continue except as regulated by this section.
2. A change in tenancy, ownership, or management of a nonconforming Use, Structure, Lot or site improvement shall not be construed to create a nonconformity, provided the change is otherwise lawful and in compliance with this Code.

b. Intent concerning nonconformities generally.

It is the intent of this Code that nonconformities may continue but are not encouraged to expand or enlarge, and once they cease they may not be re-established, except under the terms of Section 7.2.

- c. The existence of nonconformity shall not be used as a reason to add new Uses, Structures, or site improvements that are not allowed by the regulations of the Transect Zone in which it is located.
- d. The temporary or illegal Use of property shall not be sufficient to establish the existence of a nonconformity or to create rights in the continuation of a nonconformity until it shall come into compliance with the regulations of this Code.
- e. If at any time a nonconforming Structure, or any Structure containing a nonconforming Use, becomes unsafe or unlawful by declaration of the City of Miami, Miami-Dade County Unsafe Structures Board, or other government agency having jurisdiction, the Structure shall not thereafter be restored or repaired and the Use shall not be reestablished except in conformity with the regulations of the Transect Zone in which it is located.

7.2.2 Structures and Uses in the Event of Disaster

a. Single-Family Residences, Duplexes and Multi-family Structures

In the event of a natural disaster, explosion, fire, act of God, or the public enemy, the Zoning Administrator may permit the reconstruction of any nonconforming Single-Family Residence, duplex or multi-family structures to the same or decreased nonconformity as existed immediately prior to the disaster, upon proof satisfactory to the Zoning Administrator of the configuration of the prior Single-Family Residence, duplex or multi-family structures, and only in compliance with the Florida Building Code. An application for reconstruction of the Single-Family Residence or duplex shall be filed within twelve (12) months of the event of its destruction, unless the City Commission authorizes the Zoning Administrator to extend the twelve (12) month time period city-wide.

b. All Other Structures

1. Where a nonconforming Structure is destroyed by natural disaster, explosion, fire, act of God, or the public enemy, the Zoning Administrator may, by Waiver, allow the replacement or reconstruction of the nonconforming Structure in whole or in part upon finding that the Waiver criteria of this Code and the criteria of paragraph 2 below are met.
2. Criteria for approval. Replacement or reconstruction may be permitted if the following findings are made.
 - (a) The cause of destruction was not the deliberate action of the owner of the Structure or his agents.
 - (b) The replacement or reconstruction is reasonably necessary to allow the conforming Use of the Structure.
 - (c) The replacement or reconstruction meets the Florida Building Code.
3. An Application for the reconstruction or repair shall be filed within a period of twelve (12) months from the date of the destruction unless the City Commission authorizes the Zoning Administrator to extend the twelve (12) month time period city-wide.

c. Nonconforming Uses

1. The restoration of a nonconforming Use within a Structure that is destroyed by natural disaster, explosion, fire, act of God, or the public enemy, may be approved by Warrant. The Use must be restored in a conforming Structure or Structure approved by Waiver, and of equal or lesser size and on the same Lot. The approval shall further find that the criteria of paragraph 2 below are met.

2. Criteria for approval. The restoration of the nonconforming Use may be permitted if all of the following are found to be met:
 - (a) The cause of destruction was not the deliberate action of the owner of the Structure or his agents; and
 - (b) Nothing contained in the provisions of this Code or the City Code requires termination of such nonconforming Use; and
 - (c) There is substantial public advantage in continuance of the nonconforming Use; and
 - (d) Replacement or reconstruction in the manner proposed, with related actions imposed in conditions and safeguards, will reduce any previous adverse effects of the Use on neighboring properties; and
 - (e) The Use will not be enlarged or intensified.
3. The application for restoration shall be filed within twelve (12) months of destruction and be diligently carried to completion. Unless restoration is so initiated and completed, the nonconforming Use shall terminate and not be resumed.

7.2.3 Alterations and Expansion of Nonconforming Structures

a. Single-Family Residences and Duplexes

1. Interior alterations to a nonconforming Single-Family Residence or duplex for interior work such as repairs or interior remodeling shall be allowed.
2. Alterations, additions, repairs and maintenance to a nonconforming Single-Family Residence or duplex shall be permitted as long as there is no enlargement of any nonconformity that affects the exterior of the Building or premises.
3. Where alteration, addition, repair or maintenance enlarges a nonconformity affecting the exterior of the Building or premises, the enlargement may be permitted by Waiver from the Zoning Administrator.

b. All other Structures

1. Less than fifty percent (50%) of square footage of Structure.
Alterations which enlarge the nonconformity of a nonconforming Structure to an extent of less than fifty percent (50%) of the total square footage of the nonconforming Structure may be permitted by Exception from the Planning, Zoning and Appeals Board. In addition to satisfying the Exception criteria, the proposed enlargement shall not exceed a Height or length of fifty percent

(50%) of the horizontal or vertical linear footage of the exterior wall(s) of the remaining nonconforming portion of the Structure.

2. Fifty percent (50%) or more of square footage of the Structure.

A nonconforming Structure may be altered to enlarge the nonconformity of the Structure by fifty percent (50%) or more of the total square footage of the nonconforming Structure only if the Structure thereafter conforms to the Transect Zone in which it is located.

- c. Computation of alterations

The extent of alteration will be calculated to include the sum of all alterations over a period of three consecutive years.

- d. Expansion, repairs, remodeling and maintenance that do not enlarge the nonconformity of a nonconforming Structure

All expansions, repairs, remodeling and maintenance that do not enlarge the nonconformity of the Structure are permitted consistent with the Florida Building Code.

7.2.4 Moving a Nonconforming Structure on the Same Lot

A nonconforming Structure may be moved on the same Lot only pursuant to an Exception. In addition to satisfying the Exception criteria, the following criteria apply:

- a. The proposed movement must reduce the degree of nonconformity to the maximum extent reasonably feasible, or eliminate the nonconformity;
- b. The Structure shall in no case be moved in such a manner as to increase the degree of nonconformity; and
- c. Where a nonconforming Structure is moved to a location not on the same Lot, the Structure and all new construction shall thereafter conform to the regulations for the Transect Zone to which it is moved.

7.2.5 Locally Designated Historic Resources—Nonconformities

- a. Definition

A locally designated historic resource is a Building or Structure listed in the Miami Register of Historic Places that has been deemed individually significant for its contribution to Miami's history and sense of place; or is a part of a locally designated historic district where the individual Building or Structure is deemed to add to the historic architectural qualities or historical associations, and the Building or Structure has been so designated through the formal public process provided in Chapter 23 of the City Code.

b. Generally

Nonconforming locally designated historic resources shall be subject to the regulations of this section, except as they may be granted certain waivers or an exception for preservation purposes by the Historic and Environmental Preservation Board pursuant to Chapter 23 of the City Code.

7.2.6 Nonconforming Uses

a. Time Limitation

Where, at the effective date of adoption or amendment of this Code, a lawful Use exists which would not be permitted under this Code, the Use may be continued for twenty (20) years consistent with this section. Upon application, the City Commission may grant by Exception an extension for continuance of the Use for an additional term of up to twenty (20) years. However, accessory parking abutting T3-R areas that was approved as transitional Uses under prior zoning codes and were legally nonconforming prior to the adoption of this Code will not have a continued automatic twenty-year (20) extension as provided in this section, but shall instead seek an Exception before the City Commission within sixty (60) days of renewal of a Certificate of Use.

b. Legally established alcoholic beverage establishments, having a valid Certificate of Use or certificate of occupancy and all other required permits, may continue in existence despite subsequent establishment of a church or school within the distance limitations of Chapter 4 entitled “Alcoholic Beverages” of the City Code.

c. Replacement and Expansion of Structures that Contain Nonconforming Use

1. No enlargement, extension, replacement, or reconstruction of an existing Structure which contains a nonconforming Use shall be permitted except to change the Use to a conforming Use, except as provided below:

(a) Interior Arrangement

A nonconforming Use may be extended throughout any parts of a Structure which was clearly designed or arranged for the nonconforming Use at the time that the Use became nonconforming. If a portion of a Structure was unoccupied or not manifestly designed for the nonconforming Use, the Use may not be expanded within the Structure.

(b) Alterations to the extent of less than fifty percent (50%) of the square footage of a Structure containing a nonconforming Use

Where an alteration of a Structure containing a nonconforming Use is less than fifty percent (50%) of the square footage of the Structure at the time of

alteration, the nonconforming Use may be permitted to continue pursuant to an Exception.

(c) Exterior

No nonconforming Use which exists outside a Structure shall be extended to occupy more area than was occupied at the time the Use became nonconforming, except as approved by Exception and to comply with the non Use regulations of the Transect in which it is located. In this case, the occupancy of the new location shall be construed as remaining a nonconforming Use.

2. Extending / Transferring the Nonconforming Use

No nonconforming Use shall be extended to occupy any other Structure on the same Lot or parcel if the other Structure was not used for the nonconforming Use at the time the Use became nonconforming.

3. Subdivision or structural additions

Structures used for nonconforming Uses shall not be subdivided, nor shall any Structures be added on the premises, except for conforming Uses and Structures.

d. Discontinuance or Abandonment of a nonconforming Use

If, for a period of more than six (6) months, a nonconforming Use is documented as being discontinued or a Certificate of Use for a nonconforming Use lapses, any subsequent Use shall conform to the regulations of this Code. Provided, however, the time period shall not include any time during which the discontinuance is caused by governmental action which impedes access to the premises.

7.2.7 Nonconforming Lots

a. Nonconforming Lot

A nonconforming Lot may continue and may be used as provided by this section. A nonconforming Lot is one shown on the latest recorded plat or described by deed, both as recorded in the public records of Miami-Dade County, which met the width, length and area requirements in effect when the Lot became of record, and which Lot would not conform to the requirements of this Code.

b. Street or alley closure

When a Lot has become nonconforming due to a street or alley vacation or closure, the Lot may be modified pursuant to an approval by the Director of the Public Works Department as long as the degree of nonconformity created by the vacation or closure is not increased.

c. Rules concerning combinations of contiguous nonconforming Lots in the same ownership and with common Frontage for T3 Transects only.

1. Combinations required

(a) If two or more Lots, or combinations of Lots and portions of Lots, with continuous Frontage in the same ownership exist at the time of passage or amendment of this Code, and if all or part of the Lots do not meet the requirements for Lot width and area, the lands involved shall be considered an “undivided parcel” for the purposes of this Code. Except as provided below in paragraph c.2., no portion of an undivided parcel shall be used or sold in a manner diminishing compliance with general Transect requirements for Lot width and area.

(b) The undivided parcel shall be considered one Lot for which only one Single-Family Residence or duplex may be constructed, regardless of how many nonconforming Lots make up the parcel.

(c) A unity of title, or covenant in lieu of unity of title, which complies with all applicable requirements of the City Code shall be required on all undivided parcels prior to the issuance of any building permits, including demolition permits.

2. Exceptions to the combination requirement

Notwithstanding paragraph c.1, where nonconforming Lots with continuous Frontage in the same ownership exist at the time of passage or amendment of this Code, such Lots may be developed individually, in accordance with the applicable code requirements and pursuant to a Waiver, if such Lots individually comply with any of the following exceptions.

(a) Duplex Lots restricted to Single-Family Residences

The owner of two or more adjoining nonconforming duplex Lots must by covenant (in a form acceptable to the City Attorney) restrict the Use of the Lots to the development of no more than one Single-Family Residence per Lot and must comply with all Miami 21 Code requirements except for minimum Lot width.

(b) The ninety percent (90%) rule

The Lots must individually comply with ninety percent (90%) of the requirements for Lot width, area, and Principal Front Setback under the Miami 21 Code regulations.

(c) The one thousand (1,000) feet radius rule

The width or size of such nonconforming Lots must be equal to or larger than the majority of the existing Building sites within the same Transect Zones and either within a minimum one thousand (1,000) foot radius of the nonconforming Lot perimeter, or extending no further than the immediate vicinity, whichever is less. "Building site" shall mean a Lot, group of Lots or parcel upon which a Single-Family Residence or duplex is located. "Immediate vicinity" shall mean either an area in which a parcel of land is located that is physically, functionally or geographically identifiable as a distinct realm, place or neighborhood, or an area within a radius of one-half mile from the nonconforming Lot, whichever is smaller.

7.2.8 Nonconforming Site Improvements

Where nonconforming site improvements exist, such as Off-street Parking and loading, access, fences, walls, lighting, landscaping, or similar site improvements, such nonconformities may continue and the site may be altered only as provided below.

- a. No change shall be made in any nonconforming site improvement which increases the nonconformity. Changes may be approved by Waiver, if the changes result in the same or a reduced degree of nonconformity
- b. Where existing Off-street Parking facilities are nonconforming to the requirements of this Code or any other city standards, the restoration or rehabilitation of an existing Building or adaptive Use to any permitted Use in the Transect Zone shall not require the provision of additional parking or on-site storm water retention or detention except to the extent required by applicable state or federal law. No modifications may be permitted which increase the degree of the existing nonconformity. Modifications to the facilities may be approved by Waiver, and the Waiver may be conditioned on safeguards that reduce the degree of nonconformity to the extent reasonably feasible in the circumstances of the case.

7.2.9 Nonconforming signs

The following provisions shall apply to nonconforming signs:

7.2.9.1. Removal in residential districts

In all residential districts, legal, nonconforming signs shall be removed by May 11, 2003, or shall be made to conform; provided, however, that nonconforming nonresidential Uses in T3, T4-R, T5-R and T6-R shall be permitted to maintain nonconforming signs existing as of May 11, 2002 as provided in regulations for the first district in which such Uses would be conforming as of May 11, 2002.

7.2.9.2. Removal in other districts

In any district other than residential, any Sign or outdoor advertising signs which became nonconforming as a result of the adoption of Ordinance No. 12213 shall be removed by May 11, 2007.

7.2.9.3. Outdoor advertising signs which are freestanding; Continuance of non-conformity

- a. All outdoor advertising signs which are freestanding and that became nonconforming as a result of the adoption of Ordinance 11000 in 1990, such that the five (5) year amortization period allowed therein has expired, shall not be considered eligible for a Warrant as set forth below.
- b. All outdoor advertising signs which are freestanding, were lawfully erected and have become a nonconforming Sign as a result of the adoption of Ordinance No. 12213, shall be removed by May 11, 2007, provided however that such signs may be eligible to remain standing following the expiration of the amortization period specified herein subject to the issuance of a Warrant as set forth herein.
 1. The expressed intent of such Warrant is to improve the visual aesthetics of such signs as a condition for remaining. No such signs shall be permitted to remain if they were not legally constructed when such signs were permissible within the specified zoning district or Transect.
 2. Any nonconforming outdoor advertising Sign which is freestanding and is eligible for a Warrant to remain standing, must file for such permit no later than one hundred twenty (120) days from the May 11, 2007, the five (5) year amortization period for nonconforming status.
- c. Criteria. Any outdoor advertising Sign which is freestanding and eligible for a Warrant to remain must comply with the criteria of this Code and additionally, with the following limitations and restrictions:

1. Sign Structures supported by multiple I-beams shall be replaced with monopole structures.
2. All Sign Structures shall be limited to an overall Height of thirty (30) feet as measured to the top of the Sign Structure from the crown of the nearest adjacent roadway, except when located within six hundred and sixty (660) feet from an elevated limited access highway in which case the overall Height shall be forty (40) feet; only embellishments may be taller, but in no case shall embellishments exceed an additional five (5) feet in Height.
3. Sign area shall not exceed six hundred and seventy-two (672) square feet, with embellishments not to exceed an additional ten percent (10%) of the Sign area.
4. Monopole Sign Structures shall be painted, and maintained, to a uniform color (to be selected by the Planning Department).
5. Sign lighting shall be enhanced, when applicable or deemed appropriate pursuant to the Warrant review process, to consist of decorative lighting fixtures, in an effort to enhance the appearance of such signs along corridors which abut residential areas.
6. Any such signs eligible to remain, pursuant to this subsection, shall comply with the following landscape requirements for screening the monopole structures to the extent possible: One (1) shade tree for the first five hundred (500) square feet of site area and one (1) side shade tree for each additional one thousand (1,000) square feet or portion thereof of site area; the remainder of the site area shall be landscaped with equal portions of hedges and/or shrubs and living ground cover. If the remainder of the subject site is already landscaped to a level which complies with the City's landscape guides and standards, then no additional landscaping, other than that required for screening the monopole structure, will be required; such landscaping requirements will be determined through the Warrant process. The City encourages xeriscaping of sites with native plants which do not require irrigation; unless sites are landscaped with native xeriscape plants, site landscaping shall be provided with irrigation and shall be continuously maintained; such landscape requirements may be modified by the Planning Director upon a finding that there is insufficient room for a reasonable provision of landscaping on the specific site in question; such modification requests shall be accompanied by a landscape mitigation plan which enhances landscaping in the nearby area.
7. Any such signs eligible to remain shall be maintained in accordance with the requirements of this subsection and the City's appearance code (as specified in Chapter 10 of the City Code).
8. Any such Signs eligible to remain shall pay mitigation fees as specified in Chapter 62, Article X of the City Code, as an additional condition of the Warrant.

7.2.9.4 Interstate or federal-aid primary highway system

Any lawfully erected outdoor advertising Sign which is located along any portion of the interstate or federal-aid primary highway system and which becomes a nonconforming Sign as a result of the adoption of Ordinance No. 12213, is not subject to removal after the expiration of the five (5) year amortization period set forth herein.

7.2.9.5 Landscape modifications

All outdoor advertising signs which are freestanding, were lawfully erected and have become a nonconforming Sign as a result of the adoption of Ordinance No. 12213, may obtain a modification of the landscaping requirements for such sites as may be required in this Code subject to the issuance of a Waiver as set forth herein. The expressed intent of such Waiver is to improve the visual aesthetics of such signs while allowing flexibility with respects to landscaping requirements. Such Waivers may allow landscaping the entire site if the remainder of the subject site is already landscaped to a level which complies with the city's landscape guides and standards, other than that required for screening the monopole structure, which will be required; such modified landscaping requirements will be determined through the Waiver process. The City encourages xeriscaping of sites with native plants which do not require irrigation. Unless sites are landscaped with native xeriscape plants, site landscaping shall be provided with irrigation and shall be continuously maintained; such landscape requirements may be modified by the Planning Director upon a finding that there is insufficient room for a reasonable provision of landscaping on the specific site in question. Such modification request shall be accompanied by a landscape mitigation plan which enhances landscaping in the nearby area.

7.2.9.6 Rescission

The Zoning Administrator may rescind any permit granted under this section for failure to maintain such Sign in appropriate condition and repair. A rescission by the Zoning Administrator may be rendered after a sixty (60) day written notice from the City and a finding that no corrections to the violations have been made, and the decision by the Zoning Administrator may be appealed in accordance with the procedures for appealing a Waiver.

7.2.9.7 Historic Signs
